Let's set up the basics for your assignment.

Assignment title *

homework-1

Custom repository prefix *   *set a short prefix*

homework-1

This will prefix each GitHub repository that is created for this assignment. May only contain alphanumeric characters, underscores or hyphens.

Deadline   *set a deadline*

05/10/2024, 11:55 PM

(Optional) If left blank, there will be no deadline. Date format: *YYYY-MM-DD HH:MM a*

☐ **This is a cutoff date**

If selected, the student will lose write access to their repository after the date is reached.

Individual or group assignment

Individual assignment

Repository visibility

🔵 **Private**

Private repositories will only be visible to the student and the classroom owners.

⚪ **Public**

Public repositories will be visible to everyone, including other students.

☐ **Grant students admin access to their repository**

Editing this after assignments are created will not retroactively change permissions.

Cancel | **Continue**

Add your starter code and choose an optional online IDE.

Add a template repository to give students starter code

Your assignment will be created with empty student repositories if you don't add starter code. Changes to starter code after students have accepted the assignment will not retroactively change existing student repositories.

ⓘ **Note:** All starter code must use a template repository. Your starter code repository must be either in the same organization as this classroom or a public repository if elsewhere. Learn about transferring your repositories.

Find a GitHub repository

Set up autograding and feedback.

Add autograding tests

Autograding tests help provide feedback for students immediately upon submission using GitHub Actions. Add a test to enable autograding.

No tests added yet

Add a test to enable autograding

+ Add test ▾   *no tests needed*
tests are already included in the repository

☐ **Enable feedback pull requests**

A pull request will automatically be created on all student repository submissions. Pull requests allow you to answer questions and provide feedback.
